

Full name: Suzan Khalifa Judy

Date of birth: 01/26/1974

(Certificate: Ph.D. Date of obtaining it: (2010

General Specialization: Physical Education / Subspecialty: Training
Physiology

(Academic title: Professor Doctor / Date of obtaining it: (2020

(Number of years of service in higher education: (23 years

(Number of years of service outside higher education: (none

Email suzanalqaisi457@gmail.com

The awarding body for the bachelor's degree: University of Baghdad

(Date obtained: (1995 -1996

The awarding body for the master's degree: University of Baghdad

(Date obtained: (2002

The awarding body for the doctoral degree: University of Baghdad

(Date obtained: (2010

The title of the master's thesis: ((Some body measurements and their
relationship to the defensive motor skills of goalkeepers in handball

(: PhD thesis title

Effect of compound reflexology on some physical abilities and the
cardiovascular and nervous system of female handball players

☐ Creations or activities in which he won (awards / certificates of
(appreciation / thank you books

Activity Title Donor Thank You Letters

Thanks and appreciation to the Minister of Higher Education for the success of the educational mission in the context of the Covid 19 pandemic

Thanks and appreciation to the President of the University for obtaining the scientific title of Assistant Professor

Thanks and appreciation to the Dean of the College of Basic Education for discussing one of the doctoral dissertations for their students

Thanks and appreciation to the Dean of the College of Physical Education and Sports Sciences for discussing postgraduate students

:Scientific output and published scientific research, including

-١

Physical measurements and their relationship to the basic defensive)
(skills of handball goalkeepers. Master's thesis

Effect of complex reflexology massage on some physical abilities and ٢
the cardiovascular and nervous system of female handball players (PhD
(thesis

The effect of recreational skill exercises in developing some motor -٣
abilities and basic skills in five-football

-٤

Effect of low-intensity exercise on weight reduction, serum cholesterol and saturated fat concentration and physical fitness of men aged 40-50 .years

The effect of using reflexology exercises on the velocity of blood -٥ flow in the carotid artery and cerebral artery in female handball .players

The effectiveness of using dry and wet cupping therapy to get rid of -٦ Osteo prominent in the lower heel of the Down syndrome class

The effect of competition effort on the circulatory system response -٧ and the level of cortisol and lactic acid in the blood for advanced wrestlers

The effect of training curriculum according to the air energy system -٨ with training loads of varying intensity and size in developing the cardiac functional capacity of the young free wrestlers

Effect of date emulsion intake on blood sugars and attainment of -٩ half marathon wheelchairs

Studying the effect of psychoactive drugs on aggressive behavior - ١٠ and the achievement of the ten-thousand-meter runner

dimensions (commitment, control, challenge) Optimism and its -١١ relationship to a solid psychological for the league to young

DESIGN AND LEGALIZATION OF THE ONE-HANDED AND OVERHEAD -١٢ .HANDLING TEST FOR WHEELCHAIR BASKETBALL PLAYERS IN IRAQ

Designing an electronic - laser device with the preparation of some -١٣ exercises to develop the maximum strength and the angle of performance to raise the bone for physical strength players, the youth category

Contributions to community service

Third: Expertise and Committees

\

Professor of Training Philosophy for Initial Studies and Postgraduate
(Studies (Masters

professor of handball ٢

.Chairman of the Scientific Committee for Anatomy - University of Diyala - College of Physical Education ٣
