ABSTRACT

The Research included five chapters which are :

Chapter I: The Definition of the Study -:

The Introduction and the Importance of the Study -:

Sport is a contemporary means to the performance of many tasks and send many messages that reflect the level of development and progress of nations and societies, also there must be a way for the individual supervisor of the activity , sports fan , practitioner, or amateur to cope with the most important sports news, interviews and analysis of all kinds of sports competitions, the fastest and clearest way to the Sight and hearing of the individual audience or supervisor is the sports satellite channels .

The satellite is a means of mass communication have become effective a clear role in influencing people's lives, especially after the spread of satellite transmission, as some satellite channels have gained the reputation of individual sports themselves in the coverage of sports events in the world, the importance of study lies in identifying the role which are played by Satellite scenes to provide the sports culture through sports programs and news coverage of sports events .

The Problem of Study :

The media had great role in raising the awareness of the individual and education in accordance with the ideas and trends that means, sports and satellite channels, one of those means that have a significant impact in the sports cultural among the different classes in society, prompting the researcher to know the level of influence on culture and sports for students Universities .

Aims of the Study :

- 1- Designing a sport cultural Scale for audiences of sports satellite channels .
- 2- Identifying the impact of sports satellite channels in spreading sports cultural among students of the University of Diyala .
- 3- Finding out the difference between the audiences of sports satellite channel of males and females in the level of sports cultural .

Hypothesis of the Study :

- 1- There is a moral influence to watch sport satellite channels in spreading sports cultural among students of the University of Diyala .
- 2- There are statistically significant differences between male and female students in the level of sports cultural . .

Fields of Study :

- Human field : (1086) students at the University of Diyala .
- Time field: the period from 23/2/2008 until / / 2008 .
- Place field : colleges of the University of Diyala .

Chapter II: Theoretical and Related Previous Studies.

This section included two axes, the first one concerns with theoretical studies which have been addressed to the concept of sport in details in explaining sport theories and their purposes, characteristics, and interpretation of the concept of sports culture aspects of the guidelines and knowledge in the development of individual awareness , also it was addressed to the concept of sports education from the viewpoint of the media, and the role of this means to raise awareness of sports and culture to the public and to all peoples, also it is addressed to the types of media

and sports working on the link between financial gain and delivery culture and information to the recipient .

The second axis included some previous studies in this issue, a study Jalaluddin al-Abadi (1993) , Younis Hussein (1999) , Madiha Imam (1979) , Khaled AL-Qutha (1997) .(

Chapter III: Procedures and Methodology of the Study.

The researcher uses the descriptive approach by the scanning method for its convenient to the problem of study that to be studied, the sample of this study is included (1086) students from University of Diyala, representing the proportion (12%) from the original community which is (9116) students for the academic year 2007/2008, it is built a sport culture scale for the audience of sports satellite channels as the four fields which were identified by jury member's , namely , field of knowledge, social, educational and , health, then the researcher make a pilot test on a sample of (31) students from the original community which is outside of the sample that selected before, after that the items are analyzed using standard statistical method of extremist groups, as were the T values ranging from (412.95-46.75) when it compares with tabulated value which is (1.96. ((

The items are distinctive ones , the items are calculated the internal consistency coefficient and the results of the correlation coefficient which ranged between (0.073 -0.485) and when compared to the value of the correlation tabulated coefficient which is (0.062) , that means all items are function, then the scale items were subjected to measure the characteristics of items psychometric (reliability and stability) the items are full of reliability and stability coefficient in a highly way, while the number of items of the scale which are (31) item are distributed to measure the selected sample and adoption the forms which were answered accurately and correctly .

Chapter IV: The Analysis and Discussion of the Results :

This chapter includes the results of statistical analysis and data of study, which are drawn from the standard forms and distributed to a sample study, as a result, the researcher achieved the aims and hypotheses of the study in designing a scale for the audiences of sports satellite channels and finding out the impact of watching these channels in spreading sports cultural among a sample of study, and this shows that there are no differences between male and female students in the level of the sports cultural .

Section V: Conclusions and Recommendations :

Conclusions :

In the light of the results of the present study, the following conclusion can be drawn :

- 1- The sports cultural scale which is designed for the selected sample which are colleges` students at University of Diyala is so convenient, as this scale has been achieved the aim that is designing for which is to identify the level of sports cultural for the audiences of sports satellite channels .
- 2- Sports satellite channels have a positive impact in providing the audience with sports cultural .
- 3- The visual media has a great role in the delivery sports cultural to the individual recipient .
- 4- The level of sports cultural for the audiences of sports satellite channels for both sexes are almost equal .

Recommendations :

Biography - College of Physical Education and Sports Sciences - University of
Diyala - 2017-2018

In the light of the results and conclusion arrived at in this study, the researcher recommends the following :

- 1- The application of this scale to other samples of different groups age to identify the level of sports cultural to the audiences of sports satellite channels and in a various class of society .
- 2- Pay more attention to the sports satellite channels in our country and support to become a showcase for Iraqi media in the world of sports cause they are the only way which are understanding by all peoples .
- 3- Pay more attention to sports programs to young people by instilling the spirit of love, cooperation and selflessness and sacrifice for others and loyalty to the homeland .
- 4- Guiding the students to the role of sports satellite channels in spreading sports cultural academy.

PhD thesis title :

Building a Scale for a Comprehensive Quality Management as one of the Indicators to classify the Clubs of Sporting Institutions in Iraq

A THESIS SUBMITTED TO THE COUNCIL OF THE COLLEGE OF
BASIC EDUCATION / UNIVERSITY OF DIYALA IN PARTIAL
FULFILMENT OF THE REQUIREMENTS FOR THE DEGREE OF
DOCTORATE IN SPORT EDUCATION

Abstract

This study includes five chapters :

Chapter One: Research Definitions

Chapter one is about the research definition, it consists of an introduction, and focuses on the research significance in terms of building a scale for a Comprehensive Quality Management in clubs of sporting institutions in Iraq. This scale is used as a indicator to classify Iraqi sporting clubs through an extent of their efforts in implementing the plans of Comprehensive Quality Management to continue developing and ultimately getting as an excellent position as the World sporting clubs. This study is to draw the vision of future for Iraqi Sporting Clubs.

The significance of the study can be explained as in the following-:

Biography - College of Physical Education and Sports Sciences - University of
Diyala - 2017-2018

- 1- This study deals with an effective, significant and administrative concept, which is a Comprehensive Quality Management and implementing it in Iraqi institutions of Sporting Clubs.
- 2- Iraqi Sporting Clubs need such studies, which will contribute significantly in developing their performance .
- 3- This study seeks to provide data, which would be useful in developing the factors of Comprehensive Quality Control of Sporting Clubs' performance in Iraqi institutions. It seeks to encourage and support the administrators' role in fulfilling the clubs' goals .
- 4- This study put an important responsibility on the executives of Sporting Clubs of Iraqi institutions in order to draw their attention and to interact with scientific, administrative and intellectual variables and developments which are being applied nowadays around the world.

The Research Problem

The research problem shows that there is no specific scale for Comprehensive Quality Management relevant to Sporting Clubs in Iraqi institutions in the light of contemporary changes.

The research problem can be reformulated in the two following main question -:

Is there any scale for Comprehensive Quality Management to Sporting Clubs in Iraqi Institutions? Are the requirements available to put the Comprehensive Quality Management into practice inside the sporting clubs to develop their administration through a philosophy of Comprehensive Quality Management ?

Several questions can be entailed through the above main question, as the following ones -:

- 1- To what extent the administrative boards of sporting clubs in Iraq abide to the quality standards and Comprehensive Quality Management and its level of application.
- 2- What is the real state of the Sporting Clubs' administrative leadership in Iraqi institutions?
- 3- What is the satisfactory degree that administrative board members have towards the quality in certain club?

The Research Aims

This research aims to the following-:

It attempts to build a scale for Comprehensive Quality Management to Sporting Clubs in Iraqi institutions.

The Research Domains

Biography - College of Physical Education and Sports Sciences - University of Diyala - 2017-2018

- 1- The human domain, which includes the managers and members of administrative bodies of institutional sporting clubs in Iraq.
- 2- The temporal domain: the period of the research was from (18/12/2011) to (28/4/2013) .(
- 3- The spatial domain: the clubs of sporting institutions in Iraq.

Chapter Two

Theoretical and Literature Review Studies

This chapter involves two aspects: the first aspect includes 24 theoretical items specialised in understanding the Comprehensive Quality Management and sporting clubs. The second perspective included (3) previous studies .

Chapter Three

Research Methodology and Field Procedures

The researcher used the descriptive approach by utilizing the survey method for fitting the research nature. The researcher built a scale for the Comprehensive Quality Management to the sporting clubs of institutions in Iraq. The sample of the study consisted of (142) administrative employees as they represent (41,52%) of the research community which represents (342) . (

The procedures of building scale have been clarified, as well as the research community and its sample were explained, and the used tools such as methods of collecting information and other devices were displayed as well .

Chapter Four: Results Analysis and Discussion

In this chapter, the researcher displays the results which have been reached and analyzing it to achieve the research aims.

Chapter Five: Recommendations and Conclusions

The most important conclusions-:

- 1- The Author Discovered to build a scale for Comprehensive Quality Management to Sporting Clubs in Iraqi institutions
- 2- The Comprehensive Quality Management is an integrated process through dimensions and perspectives, and cannot work out without integrating these dimensions and perspectives altogether, as ignoring any factor does not help to achieve the expected results.
- 3- The organizational environment or the regulatory structures are not completely ready to implement the comprehensive quality management to Iraqi sporting clubs, because it needs to greater efforts and numerous changes in order to make it ready for applying comprehensive quality management.
- 4- The presence of obstacles has a deep impact on the success of applying the comprehensive quality management for ambiguity of this concept as well as the lack of required training cadres, unavailability of training programs and

Biography - College of Physical Education and Sports Sciences - University of
Diyala - 2017-2018

shortage of eligible individuals for the training personnel on the principles of
comprehensive quality management .

The results indicate that the most important obstacles to the application of
comprehensive quality management on sporting clubs in Iraq are:

A. Insufficient human and material capabilities which are required for implementing
the comprehensive quality management.

B. The lack of required data and statistics for implementing the comprehensive
quality management.

C. The acceleration in applying comprehensive quality management to sporting clubs
of the institutions before having an appropriate organizational environment.

5- An interesting of sport clubs in social activities, enhances human relations between
the club and its community, and among the community members themselves. It
achieves the needs and wills of the community.

The researcher recommended by the following:

- 1- It is important to work in order to overcome obstacles that hinder the
application of comprehensive quality management to Iraqi sporting clubs by
providing the requirements of natural and human resources. It is also to put
plans and draw policies and clarifying the hints of this modern management.
- 2- It is necessary to attract human cadres specialized in the field of
comprehensive quality management and employing them in clubs.
- 3- It is recommended to use the scale of comprehensive quality management
which is shaped by the researcher as an indicator to classify the sporting clubs
in Iraq, in addition to the mechanism used in the Ministries of Youth and
Sports.
